TOWN REPORT DEDICATION

Most towns in the State of New Hampshire could not operate effectively, and perhaps not at all, without the selfless efforts and dedication of its unpaid volunteers. These are the men and women who, week in and week out, devote countless hours to the tasks that must be performed to make our towns livable entities. You will find many of these citizens and the organizations within which they work in your Town Reports. Among those listed is your hardworking Planning Board. Its members are kept busy seeing to it that our growth is guided for the benefit of all. Theirs is also the task of preparing and maintaining the Town's Master Plan--a blueprint that lists our goals and the recommendations for their achievement. It is also their task to provide the leg work and study time required to carry out many of these recommendations. Over the years they have helped make Sandwich the envy of

surrounding towns and cities. All of us are proud to live here.

Among the hard-working members of your Planning Board is one who has served continuously since 1968. His contributions to the success of the Board have been important and numerous. He was around in the early years when all of us had to be made aware of the importance of protecting our environment and had to learn how to do it. Toward this end, he gave generously of his time, his wise counsel, and his artistic talents. The Town owes him much and it is therefore with the greatest of pleasure and gratitude that we render due recognition and dedicate these Town Reports to Bob Miner.

You are hereby notified to meet at the
Town Hall in said Town on Tuesday, the 13th
day of March next from 10:00 a.m. until 7:00
p.m. for the casting of ballots and at 7:30
p.m. Wednesday, the 14th day of March 1990,
at the Sandwich Central School to act upon
the following articles:

(Explanation: Article 1, relating to
the election of Town and Cooperative School
District Officers, Article 2, relating to
Planning Board Zoning Ordinance as rewritten
will be taken up on Tuesday, March 13th, and
the poll will be open from 10:00 a.m. until
7:00 p.m. A second session to consider all
other Town business will be held on
Wednesday, March 14, at 7:30 p.m. as per vote
of the Town to accept provisions of RSA
39:2a.)

ARTICLE 1. To elect by official ballot
all necessary Town and cooperative school
district officers for the ensuing year.

ARTICLE 2. To see how the Town will
vote by official ballot on the following
question: Are you in favor of adoption of the
revisions to the Zoning Ordinance as
recommended by the Planning Board?

ARTICLE 3. To see if the Town will
adopt the provisions of RSA 72:28 V and VI
for an optional veterans exemption and an
expanded qualifying war service for veterans
seeking the exemption. The optional veterans
exemption is \$100 rather than \$50. This must
be voted by ballot.

ARTICLE 4. To see if the Town of Sandwich will send a message to the Legislature and Governor calling for a comprehensive toxic law requiring coordinated programs of planning, research and development, education, enforcement, and economic incentives to achieve toxic reduction by substitution with safer substances. This article is by petition.

ARTICLE 5. To see if the Town will vote to authorize the Selectmen to convey property acquired by the Town, by Tax Collector's deed, by public auction (or advertised sealed bid) or in such other manner as determined by the Selectmen as justice may require.

ARTICLE 6. To see if the Town will vote to authorize the Board of Selectmen to apply for, receive, and expend Federal and State grants which may become available during the course of the year, in accordance with RSA 31:95b, and also to accept and expend money from any other governmental unit or private source to be used for purposes for which the Town may legally appropriate money.

ARTICLE 7. To see if the Town will authorize the Selectmen to borrow money in anticipation of taxes, the same to be repaid from revenue of 1990.

ARTICLE 8. To see if the Town will determine by vote the salaries and/or other compensation to the following officers and agents at the following rates and the remainder at last year's rate:

A. Selectmen's mileage at IRS authorization per mile.

ARTICLE 9. To see if the Town will vote to change the policy of medical insurance for new full-time Town employees. The present policy is for the employee and family, the change would be to provide coverage for employee only.

ARTICLE 10. To see if the Town will vote to establish a capital reserve fund under the provisions of RSA 35:1 for the purpose of building a sand/salt storage shed for the Highway Department and to raise, appropriate and transfer into this fund \$15,000 for this purpose and make the Selectmen the agent for this.

ARTICLE 11. To see if the Town will vote to appoint the Selectmen as agents of the capital reserve dump fund, as provided in RSA 35:1, that was created in 1981. Note: Electric poles were installed in 1989. It was voted to use this money to pay for this improvement. The electric company will bill this on a monthly basis for six years.

ARTICLE 12. To see if the Town will vote to raise and appropriate the sum of \$14,865 to purchase a new police vehicle, four door four wheel drive, with the old vehicle to be used as a trade-in or sold, with the proceeds to be used against the appropriation.

ARTICLE 13. To see if the Town will vote to raise and appropriate the sum of \$912,648.00 to pay the following expenditures:

General Government.....	\$148,772.00
Public Safety.....	91,586.00
Highways, Streets, Bridges..	208,297.00
Sanitation.....	70,202.00
Health.....	58,731.00
Welfare.....	9,500.00
Culture and Recreation.....	14,590.00
Debt Service.....	146,520.00
Operating Outlay.....	13,000.00
Operating Transfers Out.....	44,950.00
Miscellaneous.....	106,500.00

The breakdown of the major categories are listed in the budget.

ARTICLE 14. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 for support of Sandwich children using the services of Tamworth Pre-School, Inc. This is a petitioned article.

ARTICLE 15. To see if the Town will vote to reduce the authorization to raise \$73,000.00 by bonds or notes in the 1989 Town Warrant to \$60,000.00. Last year the Selectmen were authorized to bond \$73,000.00 but this year due to raising \$13,000.00 only \$60,000.00 is needed.

ARTICLE 16. To see if the Town will vote to raise and appropriate the sum of \$3,811.00 to rent/lease a Case 580SE, 4WD, wheel tractor loader backhoe. This is a continuation of Article 14 from the 1986 Town Warrant. This appropriation to come from the Highway Department budget.

ARTICLE 17. To see if the Town will vote to appropriate the sum of \$40,000.00 to be added to the Landfill Closure Capital Reserve Fund and authorize the use/transfer of the December 31, 1989 fund balance for this purpose.

ARTICLE 18. To see if the Town will vote to raise and appropriate the sum of \$20,000.00 for State Road Improvement, \$20,000.00 was donated for this project in 1989, the State contributing \$40,000.00.

ARTICLE 19. To see if the Town will vote to authorize the Selectmen to spend the money remaining in the Conservation Commission Dodge Fund, "Sandwich Notch Land Procurement Fund" first to purchase any land available in the Sandwich Notch area and second for other conservation projects with the approval of the Conservation Commission.

ARTICLE 20. To see if the Town will vote to raise and appropriate the sum of \$19,000.00 to be used by the Town Forest Committee to purchase land with the Conservation Commission and to pay the expenses incurred in managing and surveying Town Forest Land; and to authorize the Selectmen to use funds from the Town Forest account for this purpose.

ARTICLE 21. To see if the Town will vote to authorize the Selectmen to expend the interest from the Sandwich Revolution Bicentennial Fund for recreation and the interest from the Slade Improvement Fund for Town improvements in accordance with the provisions and purposes in their respective deeds, with these funds to be used to offset their respective appropriations.

ARTICLE 22. To see if the Town will vote to raise and appropriate the sum of \$2,200.00 and deposit the same in the sewer capital reserve fund for the purpose of reconstruction of the leach field. These monies to be repaid by the sewer users. This article by request of the Sewer Commissioners.

ARTICLE 23. To see if the Town will vote to raise and appropriate the sum of \$14,300.00 for the operation and maintenance of the central sewer system. These monies to be repaid to the Town by the sewer users. This article by request of the Sewer Commissioners.

ARTICLE 24. To see if the Town will vote to authorize the Board of Sewer Commissioners to apply for, accept and expend without further action by town meeting, money from state, federal or other governmental unit or a private source which becomes available during the fiscal year of 1989. This article shall only be used for purposes of constructing and maintaining the town's main drains or common sewers, sewers and/or waste treatment works which the Board of Sewer Commissioners adjudge necessary for the public convenience, health or welfare, in accordance with RSA 149-I:1. The Board of Sewer Commissioners shall hold a prior public hearing on the action to be taken. Such action shall not require the expenditure of other town funds, nor will it exceed the limitations of appropriations and expenditures imposed by the provisions of RSA 32.

ARTICLE 25. To see if the Town will vote to continue to plow private driveways. Suggested fees to cover actual full costs to be set at \$45.00 for a driveway up to 90 feet in length and \$.45 for each additional foot and to authorize the Selectmen to set a price for plowing only of private and development roads; and to use the money raised in fees in accordance with this article, and to authorize the Selectmen to allow a reduction in the 1990/1991 plowing fees for the individuals who paid in 1989 and who pay on time in 1990 by October 31, 1990 and to transfer up to the sum of \$12,000.00, if available, from excess money from the 1989/1990 Plowing Fees to the General Fund.

ARTICLE 26. To see if the Town will vote to designate and proclaim April 22, 1990, as Earth Day 1990, and to set aside that day for public activities promoting preservation of the global environment and launching the "Decade of the Environment."

ARTICLE 27. To transact any other business that may legally come before said meeting. This article is by petition.

Given under our hands and the Seal of the Town of Sandwich this 26th day of February, 1990.

SANDWICH SELECTMEN 1989 Annual Report

The most frequently asked question since the 1989 tax bills were sent out in November was, "why did the tax rate increase so much this year."

The answer is not simple and the Town of Sandwich does not have the problem exclusively. The New Hampshire Municipal Association which represents 232 of New Hampshire's 234 towns and cities reports that in the five years ending in 1988 that the rate of tax rate growth would double every 4 1/2 years. Although the rate of growth slowed in 1989 the projected property taxes would double every 6 1/2 years. New Hampshire is in the top three or four states in the nation in terms of property tax burden for every man, woman and child according to John Andrews Executive Director of the NHMA.

To pinpoint the problem the 1989 town tax bill contained three sections, the town or municipal portion representing 37%, the Carroll County tax 6%, and the Inter-Lakes School District 57%. Increases in the school or county can not be made up by decreases in the town budget through the elimination or drastic reductions in town services. The town or municipal portion will be addressed in the report.

The Board of Selectmen has the responsibility to prepare the annual budget covering municipal expenses. The Sandwich voters accept or reject the expenditures at the annual town meeting. The Board of Selectmen administers the approved budget during the year.

Unfortunately, not all of the information needed to determine the tax rate is known at the town meeting. Many of the missing parts of the equation are not known until September and include the assessed value of the town, income from various sources and the school and county budget appropriations.

The preparation of the 1990 budget has been accomplished by careful review by a budget advisory committee of eleven which was observed by an audience of 10 or more interested tax payers at most sessions. The recommended appropriations less anticipated income are presented at the same level as 1989. The effect of the 1990 budget recommendations for the town should result in a reduction in the town portion of the tax rate.

The remainder of this report concerns town activities in 1989, status of continuing projects, discussion of new programs and information on selected warrant articles.

In December, the Wentworth Hill and lands surrounding Little and Red Hill Ponds and the lands in North Sandwich owned by the Rudolph Mutter and George Bates families became part of the conservation easement property in Sandwich. Additional lands have been added and others continue to be added to the list of land protected from commercial development in Sandwich.

The waste management for the town continues to be of major concern. The state of New Hampshire requires each town to belong to a waste management district. With the dissolving of the Lakes Region Waste Management District, the Selectmen have applied for a single town status until there is resolution as to whether Carroll County will form a district. The final disposition as to the county district should become more

definite during 1990. In the meantime a dump ordinance has been adopted and a twenty year master plan is in the process of development as required by the New Hampshire Department of Environmental Services, Waste Management Division.

In addition, the landfill closure plan for the former landfill is in final stages of development. When the approval of the plan by the Waste Management Division is confirmed the closure will be made. Funding for this project has been raised from town undesignated surplus funds. A warrant article requesting \$40,000 for the dump closure is in the Town Warrant.

The Bennett Street Bridge construction work approved at the 1989 Town Meeting is scheduled to be completed in 1990.

Parking control at the beaches and on state and town roads was enforced during the year. Narrow streets, increased business activities, limited width of rights of way, rocky or hilly shoulders, safe movement of emergency vehicles, limited parking spaces and increased traffic have resulted in enforcement of existing parking regulations. Parking on one side of the streets or no parking in some areas are to be designated. More parking control measures will be taken as needed. The parking lot at the town hall and planned expansion of the Emerson parking lot will help to ease the parking problems in the center of town.

The Cable TV Franchise contract shall be finalized as soon as legal considerations are resolved. Progress shall be announced as soon as the situation is resolved.

The fire truck authorized last year is scheduled to arrive after the March Town Meeting. The first payment is to be raised in 1990.

A program of continued awareness of legal matters has been initiated at the suggestion of town counsel. Sessions will be held with the Planning Board and the Board of Adjustment this year. Attendance at New Hampshire Municipal Association Law Lectures is encouraged and attendance by town officials, employees and board members is encouraged.

Building reconstruction at the old firestation, the handicap ramp at the rear of the town hall and the parking lot at the town hall are to be completed this year. These projects were made possible through trust funds and contributions.

The town continues to grow. New property owners, present property owners and those planning changes in their property should be aware of state and town ordinances and the building permit procedures. Information is available at the Selectmen's Office. See inside back cover.

The Board of Selectmen wishes to thank the fire, highway and police departments for progress and services rendered to the town during the year. The members of committees, elected officials, staff and the many volunteers that spend countless hours and make the town government perform deserve a commendation from all. Thank you.

Respectfully submitted,
Robert N. Burrows

INDEPENDENT AUDITOR'S OPINION

Members of the
Board of Selectmen
Town of Sandwich
Sandwich, New Hampshire

In accordance with the laws of the State of New Hampshire (R.S.A. Chapter 41 Section 36), we have audited the books, records, and accounts of Marion Hansen, Tax Collector of the Town of Sandwich, New Hampshire for the period January 1, 1989 through March 14, 1989, and as a result of our audit submit the following exhibits as listed in the accompanying table of contents. Our audit was made in accordance with generally accepted auditing standards applicable to cash transactions of this type and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the accompanying exhibits present fairly the activity in the accounts of Marion Hansen, Tax Collector, arising from cash transactions for the period then ended on a basis consistent with that of the preceding year.

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL PRESENTATION

To the Members of
the Board of Selectmen
Town of Sandwich
Sandwich, New Hampshire

We have audited the accompanying general purpose financial statements of the Town of Sandwich and the combining and individual fund financial statements of the Town as of and for the year ended December 31, 1989, as listed in the table of contents. These financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Asset Group of Accounts, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Asset Account Group is not known.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation, as explained in the above paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Town of Sandwich at December 31, 1989, and the results of its operations and the changes in financial position of its nonexpendable trust funds for the year then ended, in conformity with generally accepted accounting principles. Also, in our opinion, the combining and individual fund financial statements referred to above present fairly, in all material respects, the financial position of each of the individual funds of the Town at December 31, 1989, and the results of operations of such funds for the year then ended, in conformity with generally accepted accounting principles.

TOWN OF SANDWICH

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 1989

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Town of Sandwich have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to the governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the government's accounting policies are described below.

A. *Governmental Reporting Entity*

For financial reporting purposes, in conformity with the National Council on Governmental Accounting Statement Number 3, "Defining the Governmental Reporting Entity," the Town of Sandwich includes all funds, account groups, agencies, boards, commissions and authorities that are controlled by or dependent on the Town's executive or legislative branches. Control by or dependence on the Town is determined on the basis of budget adoption, taxing authority, outstanding debt secured by revenues or general obligations of the Town, obligation of the Town to finance any deficits that may occur, or receipt of significant subsidies from the Town.

B. *Fund Accounting*

The accounts of the Town are organized on the basis of funds or account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped by type in the financial statements. The following fund types and account groups are used by the Town:

GOVERNMENTAL FUNDS

General Fund - The General Fund is the general operating fund of the Town. All general tax revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges, and the capital improvement costs that are not paid through other funds.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trust or major capital projects) requiring separate accounting because of legal or regulatory provisions or administrative action. Included in this fund type are the Land Trust, Wentworth Library, Forest Committee, Driveway

TOWN OF SANDWICH

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 1989

Plowing, Special Trusts, Conservation Commission, Town Records, and Sewer Funds.

Capital Projects Funds - Transactions related to resources obtained and used for the acquisition, construction, or improvement of capital facilities are accounted for in Capital Projects Funds. Such resources are derived principally from proceeds of long-term notes or bonds and from Federal and State grants.

FIDUCIARY FUNDS

Trust Funds - Trust Funds are used to account for the assets held in trust by the Town. The Nonexpendable and Expendable Trust Funds (which include Capital Reserve Funds) are shown in this fund type.

ACCOUNT GROUPS (FIXED ASSETS AND LONG-TERM LIABILITIES)

All governmental funds are accounted for on a spending or "financial flow" measurement focus. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of "available spendable resources". Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of available spendable resources during a period.

General fixed assets have been acquired for general governmental purposes and have been recorded as expenditures in the fund making the expenditure. These expenditures are required to be capitalized at historical cost in a General Fixed Asset Group of Accounts for accountability purposes. In accordance with the practices followed by most other municipal entities in the State, the Town does not maintain a record of its general fixed assets and, accordingly, a statement of general fixed assets, required by generally accepted accounting principles, is not included in this financial report.

Long-term liabilities expected to be financed from governmental funds are accounted for in the General Long-term Debt Account Group. This account group is not a fund. It is concerned only with the measurement of financial position and not results of operations. Since they do not affect net current assets, such long-term liabilities are not recognized as governmental fund type liabilities. They are instead reported as liabilities in the General Long-term Debt Account Group.

C. Basis of Accounting

The accounts of the General, Special Revenue, Capital Projects, and Expendable Trust Funds are maintained and reported on the modified accrual basis of accounting. Under the modified accrual basis of

TOWN OF SANDWICH

NOTES TO THE FINANCIAL STATEMENTS

accounting, sources of financial resources and assets are recognized when measurable and available to finance operations during the year. Uses of financial resources and liabilities are recognized when obligations are incurred from receipt of goods and services, when assessments are made by the State or, in the case of judgments and claims against the Town, when there is a probability that such judgments and claims will result in liabilities, the amounts of which can be reasonably estimated. Exceptions to this general rule include: 1) accumulated unpaid vacation and sick pay, and 2) principal and interest on general long-term debt which is recognized when due. All Nonexpendable Trust Funds are accounted for using the accrual basis of accounting.

D. *Budgetary Accounting*

General governmental revenues and expenditures accounted for in budgetary funds are controlled by a formal integrated budgetary accounting system in accordance with various legal requirements which govern the Town's operations. State Statutes require balanced budgets but provide for the use of beginning general fund unreserved fund balance to achieve that end. In 1989, the beginning fund balance was applied as follows:

Unreserved Fund Balance	
Used To Reduce Tax Rate	\$103,511
Beginning Fund Balance -	
Reserved For Encumbrances	<u>65,213</u>
Total Use of Beginning Fund Balance	<u>\$168,724</u>

E. *Fund Balance*

The portion of fund balance which has been legally segregated for a specific future use, or which indicates that that portion is not appropriable for expenditures, is shown as reserved.

Reserved for Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and continuing appropriations (certain projects and specific items not fully expended at year end) are recognized, is employed in the governmental funds. Encumbrances are not the equivalent of expenditures and are therefore reported as part of the fund balance at December 31 and are carried forward to supplement appropriations of the subsequent year.

The General Fund reserve for encumbrances at December 31, 1989 is detailed in Exhibit A-2 and totals \$69,275.

The Special Revenue Fund reserve for encumbrances is detailed in Exhibit B-1 and totals \$6,601.

TOWN OF SANDWICH

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 1989

Other Reserves

Other reserves used by the Town include Reserve for Special Purposes (which includes Capital Reserve Fund balances) and Reserve for Endowments.

F. Cash and Investments

At year end, the carrying amount of the Town's deposits is \$1,445,340 and the bank balance is \$1,317,685. Of the bank balance, \$703,730 was covered by Federal depository insurance and \$613,955 was uninsured.

State Statutes authorize the Town to invest excess funds in the custody of the Treasurer in obligations of the United States Government, in savings bank deposits of banks incorporated under the laws of the State of New Hampshire, in certificates of deposit of banks incorporated under the laws of the State of New Hampshire, or in national banks located within this State or the State of Massachusetts. These financial statements report investments in certificates of deposit and savings bank deposits under the caption Cash and Equivalents.

The Town is further authorized to invest Trust Funds in obligations of political subdivisions and stocks and bonds, as they are legal for investment by New Hampshire savings banks. Capital Reserve Funds must be kept separate and not intermingled with Trust Funds. Capital Reserve Funds may be invested only in savings bank deposits of New Hampshire banks, or in United States or State of New Hampshire bonds or notes.

Investments in all instances are stated at cost or, in the case of donated investments, at market value at the time of bequest or receipt. Investments at year end are as follows:

<u>Investments</u>	<u>Carrying Amount</u>	<u>Market Value</u>
U.S. Government Obligations	\$194,873	\$201,612
Common Stock	142,311	230,156
Other - Various	175,488	180,618
<u>Totals</u>	<u>\$512,672</u>	<u>\$612,386</u>

G. Accumulated Unpaid Vacation and Sick Pay

Accumulated unpaid vacation and sick pay is not accrued in the governmental funds using the modified accrual basis of accounting. Employees may accumulate up to 15 days sick leave at a rate of 10 days per year. Vacation is granted in varying amounts based on length of service. Vacation pay accumulation does not exceed a normal year's allowance. Accumulated sick leave is immaterial.

TOWN OF SANDWICH

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 1989

H. Taxes Collected For Others

The property taxes collected by the Town include taxes levied for the Interlakes Cooperative School District and Carroll County, which are remitted to these governmental units as required by law. The ultimate responsibility for the collection of taxes rests with the Town.

I. Property Taxes

The National Council on Governmental Accounting, Interpretation 3, referring to property tax revenue recognition, requires disclosure if property taxes receivable, which are to be collected beyond a period of 60 days subsequent to year's end, are recognized on the balance sheet and not reserved. In accordance with the practice followed by other municipal entities in the State of New Hampshire, the Town of Sandwich annually recognizes, without reserve, all taxes receivable at the end of the fiscal year. The Town believes that the application of NCGA Interpretation 3, which would result in a decrease in the undesignated General Fund unreserved fund balance, would give a misleading impression of the Town's ability to meet its current and future obligations. This practice is consistent with the previous year.

The property tax year is from April 1 to March 31 and all property taxes are assessed on the inventory taken in April of that year.

Interest of 12% is charged on property taxes unpaid after December 1.

Annually, the Town establishes and raises through taxation an amount for abatements and refunds of property and resident taxes, known as overlay. All abatements and refunds are charged to this account. The amount raised in 1989 was \$20,291 and expenditures amounted to \$8,805.

As prescribed by law, the tax collector places a lien on properties for all uncollected property taxes in the following year after taxes are due. The lien on these properties has priority over other liens and accrues interest at 18% per annum.

If property is not redeemed within the two-year redemption period, the property is tax-deeded to the Town.

J. Interfund Transactions

During the course of normal operations, the Town has numerous transactions between funds, including expenditures and transfers of resources to provide services and fund capital outlay. The accompanying governmental and fiduciary fund financial statements reflect such transactions as transfers.

L. Total Columns (Memorandum Only) on Combined Statements

Total columns on the combined statements are captioned "Memorandum Only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations, or changes in financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

M. Comparative Data

Comparative total data for the prior year have been presented in the accompanying financial statements in order to provide an understanding of changes in the government's financial position and operations. However, comparative data have not been presented in all statements because their inclusion would make certain statements unduly complex and difficult to understand.

NOTE 2 - CHANGES IN LONG-TERM DEBT

The following is a summary of general obligation debt transactions of the Town for the fiscal year ended December 31, 1989.

General Obligation Debt Payable January 1, 1989	\$665,000
General Obligation Debt Retired	<u>40,000</u>
General Obligation Debt Payable December 31, 1989	<u>\$625,000</u>

General obligation debt payable at December 31, 1989 is comprised of the following individual issues:

TOWN OF SANDWICH

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 1989

\$712,009 Sewer Improvement Bonds due in annual installments of \$42,009 in 1987, \$40,000 in 1988, and \$35,000 through 2006; interest from 7.30% to 7.70%	\$595,000
\$45,790 Sandwich Slopes Betterment Bonds due in annual installments of \$5,790 in 1987, and \$5,000 through 1995; interest from 5.60% to 7.85%. This issue is being funded by a special assessment.	<u>30,000</u>
<u>Total</u>	<u>\$625,000</u>

The annual requirements to amortize all general obligation debt outstanding as of December 31, 1989, including interest payments, are as follows:

Annual Requirements To Amortize General Obligation Debt

Fiscal Year Ending December 31	General Obligation Debt		
	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
1990	\$ 40,000	\$ 46,520	\$ 86,520
1991	40,000	43,618	83,618
1992	40,000	40,700	80,700
1993	40,000	37,752	77,752
1994	40,000	34,805	74,805
1995-2006	<u>425,000</u>	<u>207,225</u>	<u>632,225</u>
<u>Totals</u>	<u>\$625,000</u>	<u>\$410,620</u>	<u>\$1,035,620</u>

All debt is general obligation debt of the Town, which is backed by its full faith and credit.

Legal Debt Margin

According to State Law, Town borrowing (exclusive of Water and Sewer Bonds or Notes properly approved under the provision of the Municipal Finance Act) may not exceed one and seventy-five hundredths percent (1.75%) of the valuation of property based upon the applicable last locally assessed valuation of the municipality as last equalized by the Commissioner of Revenue Administration. At December 31, 1989, the Town of Sandwich is using an equalized value of \$161,728,785 and a legal debt margin of \$2,830,254.

NOTE 3 - DEFINED BENEFIT PENSION PLAN

Only the police chief participates in the New Hampshire Retirement System, a multiple-employer public employee retirement system. The payroll covered by the system for the year ended December 31, 1989 was \$27,000.

TOWN OF SANDWICH

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 1989

The Town also participates in an I.C.M.A. retirement plan. The Town contributes up to \$10 per week. The cost to the Town for 1989 was \$2,035. The plan covers full-time employees only.

All Town full-time employees are eligible to participate in the system. Employees who retire before age 65 are entitled to a retirement benefit equal to 1/60 of the employee's average final compensation multiplied by years of service. After attainment of age 65, the payment by the retirement system is reduced to 1/66 of the average final compensation. The system also provides death and disability benefits which are established by State Statute.

The police chief is required by State Statute to contribute 9.3% of his salary to the plan. The Town is required by the same statute to contribute a percentage of the employee's salary, based on an actuarial valuation of the entire State plan performed June 30, 1985. These contributions represented 5.53% for police through June 30, 1989. From July 1, 1989, the Town's contribution rate was 6.23% for police. The contribution requirements for the year ended December 31, 1989 were \$4,193, which consisted of \$1,682 from the Town and \$2,511 from the employee.

The "pension benefit obligation" is a standardized disclosure measure of the present value of pension benefits, adjusted for the effects of projected salary increases and step-rate benefits, estimated to be payable in the future as a result of employee service to date. The measure, which is the actuarial present value of credited projected benefits, is intended to help users assess the system's funding status on a going-concern basis, assess progress made in accumulating sufficient assets to pay benefits when due, and make comparisons among retirement systems and employers. The State retirement system does not make separate measurements of assets and pension benefit obligations for individual employers. According to plan administrators, the pension benefit obligation at June 30, 1987 for the system as a whole, determined through an actuarial valuation performed as of that date, was \$633,344,000. The system's net assets available for benefits on June 30, 1987 (valued at market) were estimated at \$792,615,988, leaving no unfunded pension benefit obligation. The percentage that the Town of Sandwich has in relation to the entire plan cannot be determined.

NOTE 4 - TRUST FUNDS

The principal amount of all Nonexpendable Trust Funds is restricted either by law or by terms of individual bequests, in that only income earned may be expended. The Town's Nonexpendable and Expendable Trust Funds at December 31, 1989 are detailed as follows:

NOTE 5 - CAPITAL PROJECT FUND (SEWER PROJECT)

Bonds or Notes Authorized - Unissued

Article II of the March 13, 1984 Town Meeting appropriated \$2,838,000 for the purpose of designing and constructing sewerage and sewage treatment facilities, and authorized long-term borrowing not to exceed \$927,000 in accordance with the State of New Hampshire Municipal Finance Act. The Town issued bonds totaling \$712,009 towards the project in 1986, leaving a balance of \$214,991 authorized unissued.

SANDWICH HIGHWAY DEPARTMENT
1989 Annual Report

I feel that 1989 was a very productive year for the Highway Department.

The annual maintenance of town roads was performed as scheduled and included spreading of 1 1/2" crushed gravel, replacing culverts, grading and raking gravel roads.

Road reconstruction on Palmer Hill, Maple Ridge and Mason Roads started in the fall of 1989 is scheduled for completion in June 1990. Work on Wing Road is to begin this year. It may be necessary to extend this major construction project into 1991.

The New Hampshire Department of Transportation with the aid of the town highway department started reconstruction of sections of Diamond Ledge and Mt. Israel Roads. When construction is complete and the road is sealed and conforms with town standards, these state roads are to become town roads.

For many years the Town of Sandwich has used minimum amounts of salt on town roads. The salt used by the highway department is mixed with sand to keep the sand from freezing while it is stockpiled at the highway department location. Concern has been expressed by various agencies that salt and sand stored in outdoor piles could cause environmental problems. It is my recommendation together with the Board of Selectmen that funds be set aside this year so that a storage shed with appropriate deck and walls can be built to control the salt.

I would like to thank the men of the highway department for their dedication, John, Bill, Ken and Ben. Again this past year Joanne and the Selectmen have been very helpful, thank you.

Peter E. Prentice

WHY DO WE HAVE MEMORIAL DAY?

We celebrate Memorial Day to honor the men and women that died for our country. This holiday is special to us because if the U.S.A. wasn't free a lot of things would be different. We wouldn't be able to express our opinions or travel to different countries when we wanted to or even vote. Thanks to these people we are able to do all of these things.

Emily Yeager
First Prize, Grade 3

WHY DO WE HAVE A MEMORIAL DAY?

I think we have a Memorial Day because people have died trying to make a better life for us.

It used to make me scared thinking that people would just go out and fight. But now I understand they didn't just go out and fight but fought for a better life for them and us.

I used to dread Memorial Day because of going to graveyards and putting flowers on graves but now I understand what Memorial Day means and I'm glad we have a Memorial Day, because it helps us to remember the people who have died in trying to make a better life for themselves and others.

Evelyn Greene
First Prize, Grade 4

WHY DO WE HAVE MEMORIAL DAY?

When Memorial Day was first celebrated it was meant to honor the dead of the Civil War. All businesses were closed, flags were flown at half mast, and people decorated the cemeteries.

After the Vietnam War, Memorial Day was expanded to honor the dead of the Civil War, Spanish-American War, World War I and World War II, the Korean War and the soldiers of the Vietnam War.

Memorial Day is our way of showing honor to the people who died fighting to protect and build our country.

Even if we cannot show our appreciation to these people we can show how we feel about the sacrifices they made for us.

WHY I HONOR THESE PATRIOTS

I honor these patriots because they fought for the beautiful country that I live in, where I have the freedom to choose where I want to live and how as long as what I choose does not hurt someone else's freedom. I can even pick the people I think would be the best to lead my country, because I have the freedom to vote.

TOWN HALL RENOVATION COMMITTEE
1989 Annual Report

After ten years, this is absolutely the last appearance of the Town Hall Renovation Committee.

The Town Hall has been completely renovated. All that remains to finish is the handicapped ramp and entrance. The parking lot has been started and will be finished as the weather permits. The landscaping also remains to be done.

The Town Hall is in almost constant use. Many nights three meetings are being held simultaneously. The auditorium is used for a wide variety of activities. We are fortunate in saving this very useful historic building at no cost to the taxpayers.

We thank the Quimby Trust, the White-Sylvania Trust, the Sandwich Players and all the Sandwich residents who contributed generously to our fund drives. We also received grants from the National Trust for Historic Preservation and the office of Historic Preservation of the United States Department of the Interior. Our thanks to the Selectmen for their support during this long process. Many thanks to all of you, for without your support the project would have been impossible.

ANNUAL REPORT OF THE SAMUEL H. WENTWORTH LIBRARY

Nineteen eighty-nine was the first year under RSA 202-A:6 which changed the number of trustees in all public libraries to an odd number. In Sandwich this increased the number of trustees to seven.

The board has continued to have repairs done to the tile roof while repaying another portion of the \$20,000 loan taken out in 1987 to replace the roof on the addition. This has continued to put a strain on the library budget.

In spite of this budget crunch, the book selection committee has done an outstanding job. Circulation figures have increased 10% since 1988. The biggest jump came in the area of non-fiction where it increased by 7%. Richard Lyons became the new chairman of this committee. John Perkins continued as the trustee representative. Other members included Sylbert Forbes, the librarian, Ethyl Mykland and Margaret Biggs.

The library started its video collection this year under the guidance of Diane Booty. The state lends the library ten videos each month. The library acquired a copy of the program New Hampshire Journal did on Sandwich. It also received its first donation of a video. The library is now involved with a cooperative arrangement among the Bearcamp Libraries to share video tapes.

In June the library submitted all the forms to the State Library to become a Certified Library. Currently the Wentworth Library is listed as an Associate Library. When the plans have been accepted, the amount of state funds will increase from 2% of the salary and material expenditures to 5%.

The library's computer went on line to Plymouth in November. This will facilitate interlibrary loans. Walter Johnson has done all the work and provided training for our two librarians. The board is fortunate to have a member with such expertise.

Because the population of Sandwich has risen to over 1,000, the library is required to be open 22 hours a week. This meant an additional two hours. There had many requests to have the library open on a weekday morning. With this in mind, the trustees changed the hours to the following schedule:
Monday 2-6, Wednesday 2-8, Friday 9-5, Saturday 9-1.

Ann Papen volunteers her time and talent in maintaining the periodicals at the library. The fact that 1,819 magazines circulated in 1989 is proof of the outstanding service she renders the library.

As always, the Friends have been supportive. They run the popular "Books Sandwiched In" program, as well as the Christmas party and other public lectures. They organize story hour, keep the library decorated, arrange the exhibitions, pay to have the gardens maintained attractively, and donate money to the library. The new president of the Friends, Joyce Gutches, has formed a study committee to make suggestions to the trustees for making a fine library even better.

The Wentworth Library continued to have two dedicated librarians, Sylbert Forbes and Mary Frances Hambrook. As custodian, Richard Papen, served the library well. Jane Stokes kept the library clean in spite of increased usage by the townspeople. The trustees are pleased with your response to all endeavors to improve the library and will continue to work on additional improvements in the 1990s.

SANDWICH HOME NURSING ASSOCIATION
1989 Annual Report

The Sandwich Home Nursing Association had a rewarding year. During the past year, we have continued to monitor the health needs of the community. We have supported the services of the Wolfeboro Area Visiting Nurses. We have sponsored community education forums. We have had an exceptional fund-raising campaign.

The Wolfeboro Area Visiting Nurse Service continues to provide excellent care as ordered by a physician for any resident. Over the past year 844 home visits were made, serving 40 patients. Community residents have benefited from skilled nursing care, child and maternal health care, well-child clinics, monthly blood pressure clinics, cholesterol screening, health aid care, and equipment loans.

A community education presentation on Lyme Disease was held in the spring. This well-attended forum by Dr. Alan Eaton from the University Extension Service was well-timed; within the following month a Sandwich youngster was diagnosed as having Lyme Disease. Printed information was distributed throughout the community and is available through the Town library.

The second community education forum was presented by Mr. Raymond Lacasse, State advocate for elderly services. He spoke at length about the many services and programs which are designed to improve the quality of life for all older residents and reduce the amount of medical expenses coming from one's personal resources. Printed information was widely distributed.

Appreciation is extended to the year-round and seasonal residents of the Town who came forth to make the 1989 fundraising drive the BEST EVER. The Association was able to donate nearly \$7,000.00 to the Board of Selectmen to reduce the amount needed to be raised by property taxes. The Association was also able to make a donation to the Wolfeboro Area Visiting Nurses which was used to purchase equipment for cholesterol screening. The Association is also grateful to many individuals for memorial gifts. The caring and kindness in Sandwich makes the SHNA work well!

1989 ANNUAL REPORT TOWN OF SANDWICH

The VNA of Wolfeboro and Vicinity, Inc. provides services to residents of eight towns. The Agency is State Licensed and Medicare Certified, and employs a staff of fourteen, including Registered Nurses, a Physical Therapist and Certified Home Health Aides.

The Agency Staff made a total of 6862 home visits in 1989. All services are provided under the orders of each client's personal physician. Nursing services are available seven days a week; other services are available Monday through Friday.

The following services were provided to Sandwich Residents:

Home Care:	Number Served	Visits
Nursing, Physical Therapy and Aide Services	40	844
Clinic Services:		
School Shildren Immunized	1	1
B/P Clinics	110	232
Cholesterol Screening Clinics	25	25
	<hr/> 176	<hr/> 1102

Reimbursement for services is received from Medicare and other insurances, fees collected from patients, and a grant received from the State of New Hampshire Bureau of Maternal and Child Health. Our Annual Fund Drive, Memorial Donations and Town Appropriation monies allow us to continue to provide needed services without regard for the clients ability to pay.

In 1989, through the generosity of a local resident, we began a Cholesterol Screening Program at five sites throughout our service area. In FY 1990 we will begin to provide Speech therapy Services for homecare residents.

The members of the Board of Directors, the Agency Staff and I thank you all for your continued support and assistance.

SANDWICH PLANNING BOARD
1989 ANNUAL REPORT

The Planning Board held 20 meetings and hearings during the year. It considered applications for nine subdivisions, six boundary line adjustments, two site plan reviews and one excavation permit. In addition, there were eight pre-application consultations with potential applicants.

After many years of outstanding service, Samuel Kirkwood, Robert Miner and Albert Hansen retired from the Board. Patricia Merriman and Willard Martin were appointed as new Alternates. After two very successful years Dorothy LaPointe resigned the chairmanship. New officers elected were John Biggs, Chairman; Benjamin Bullard, Vice-chairman; Phyllis Olafsen, Administrative Secretary and Robin Dustin, Secretary-Treasurer. Later in the year Robin Dustin resigned as Secretary and Walter Johnson was elected to fill her position.

Because of changes in State law and the character of the Town, there is a continuing need to revise and update the Town Zoning Ordinance and the Board's Regulations. Amendments to the Zoning Ordinance were proposed by the Board and voted by the Town in March. Further revisions are being proposed by the Board to the 1990 Town Meeting. The Subdivision Regulations, the Excavation Regulations and the Site Plan Review Regulations were all revised during the year. In cooperation with the Board of Selectmen, the Board prepared a new Official Town Map which was approved by the Town Meeting. In order to keep abreast of State regulations and public attitudes regarding land use, members of the Board attended seven lectures and workshops sponsored by the Lakes Region Planning Commission, the Carroll County Conservation District and the N.H. Municipal Association.

Your Planning Board is committed to an orderly and reasonable growth of the Town as prescribed by the Master Plan. The support of the residents and the cooperation of the other Town Boards is appreciated.

John M. Biggs
Chairman

SANDWICH BOARD OF ADJUSTMENT

1988 ANNUAL REPORT

In 1989, the Board of Adjustment received and considered six completed applications for a hearing. All of the applications included requests for Variances from the terms of the Zoning Ordinance relating to minimum lot size and setbacks of a dwelling and/or septic system from a sideline, or a lake, stream, pond or wetland. Three of the applications requested Special Exceptions to the terms of the Zoning Ordinance protecting wetlands.

The Board reminds anyone contemplating building a new building, making changes in or additions to existing structures, or changing uses of their property, to review carefully the Zoning Ordinance of the Town, the Subdivision Regulations and, when appropriate, the Guidelines of the Sandwich Historic District Commission. If required, application for the appropriate permit should be made to the Board of Selectmen, the Planning Board and/or the Historic District Commission. This could eliminate unnecessary appeals and delays.

ROGER W. HAMBLIN
Chairman

HISTORIC DISTRICT COMMISSION
1989 Annual Report

The Commission has tried to guide changes in the District to be compatible with existing structures. We have encouraged property owners to maintain their buildings and not let them be destroyed by neglect.

We have had no success in addressing the problem of old cars. The Selectmen have the police power in controlling this, and since most of the problem pertains to vehicles which are registered to operate, there is nothing which can be done.

Concerning the addition to the Methodist Church, most of the difficulties seem to have been surmounted. An appraisal of the possible effect this will have on the valuation of neighbors' property still has to be completed.

Respectfully submitted,

John L. Webb
Chairman

CONSERVATION COMMISSION
1989 Annual Report

This was a year characterized largely by monitoring certain concerns and by consolidating some plans for future activities.

The Commission had expressed opposition to a proposal to open Guinea Pond and parts of Flat Mountain Pond Trails in the White Mountain National Forest to certain off-road or motorized vehicles. Other groups, as well as private citizens, also expressed opposition, and we have repeated our position at various times as opportunities have arisen. By the end of 1989 the U.S. Forest Service had not made a final, or public, determination in the matter. In another instance we were given an opportunity to express preferences among several proposed alternative plans for timber-cutting on Guinea Hill. The cooperative stance of the Forest Service in this matter is much appreciated.

One focus for the Commission's concern for preserving our environment has been water quality in the Town. We have checked on the problem of hydrocarbon contamination in certain Town water sources, and find that matters seem to be in hand. The State has been making periodic tests, and the Town Health Officer has been keeping track. Tests made in the summer on the school well and on the former Edwin Elliott spring on Route 113-A show that concentrations of any possible contaminants are within acceptable limits. We plan to have analyses made on water from these sources twice a year. Beyond that, we are making plans to conduct a second town-wide survey of water quality (chemical and bacteriological) in wells and springs this spring or summer. The first one was done in 1985.

Plans of the New Hampshire Electric Coop for spraying herbicides along their power-line rights-of-way caused some concern in the northern and western parts of Town. Property owners buying power from the Coop were notified of the intent by the Company Newsletter, but non-purchasers across whose land the lines may go were not. We found it infeasible in a short time for us to identify the latter category so as to notify the owners, but we have asked the power company to do that in the future. We will support legislation coming before the State this session, requiring that all land owners affected by such treatment be given the option of cutting rather than spraying with herbicides.

We have worked with the Planning Board in revising zoning regulations with particular reference to wetlands.

Through the Commission, the Town participated in a second day of hazardous waste pickup in June, joining with other nearby towns.

The "Five Days of Sandwich" nature program was conducted again in 1989 by Martha Carlson and Shirley Lear, assisted by Chip Vittum. Twelve children participated in the program in July. Costs were defrayed in part by donations from the Sandwich Women's Club, the Bearcamp Valley Garden Club, and the White Sylvania Trust.

We organized a group of volunteers to assist the Forest Service in clean-up of camp and other sites on Sandwich Notch Road.

The Commission investigated and reported on seven applications for dredge and fill permits during the year.

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER
1989 Annual Report

During the calendar year 1989, the State of New Hampshire experienced an average number of wildfires. The three leading causes of these wildfires were fires kindled without a fire permit from the Forest Fire Warden, children and debris burning fires that escaped control. All these causes are preventable, but only with your help.

Please help your town and state forest fire officials with forest fire prevention. By New Hampshire State Law (RSA 224:27b), no person, firm or corporation shall kindle or cause to be kindled any fire or burn or caused to be burned any material, except when the ground is covered with snow, without first obtaining a written fire permit from the Forest Fire Warden of the town where the burning is to be done.

Violations of RSA 224:27 and the other burning laws of the State of New Hampshire are misdemeanors punishable with fines of up to \$1,000 and/or a year in jail and you are also liable for paying all fire suppression cost.

The State of New Hampshire, Division of Forests and Lands assisted many towns in wildland fire suppression during 1989 including several large fires in Allenstown, Alton, Chesterfield and Concord areas, as well as the 100 acre fire on Mt. Belknap in Gilford.

If you have any questions regarding New Hampshire forest fire laws, please contact your local Forest Fire Warden, State Forest Ranger, or the Division of Forests and Lands at 271-2217.

SANDWICH RECREATION
1989 Annual Report

Recreational activities and improvements this year included:

- Maypole dance for K-6 grades on Quimby Field, ushers in spring.
- Youth League baseball, includes instructional leagues, two minor league teams, girls softball, Little League baseball. Sandwich won the Meredith Little League championship for the first time.
- Spring fishing derby behind the Town Hall, no fish were caught this year.
- The ten week summer program which includes adult and youth tennis lessons, etc.
- The beach program under the direction of Molly Adriance and Jennifer Swift.
- Old Home Week activities.
- Fall tennis lessons for adults.
- Round Robin tennis play for adults, every Wednesday afternoon.
- Youth soccer.
- Youth basketball for boys and girls.
- Advent Garden and Festival of Lights, ushers in the Holiday season.
- Skiing program - downhill at Ossipee Mtn., cross-country on the school grounds by the Gunstock Outreach program.
- Coaches went through the N.Y.S.C.A. training program.
- Christmas tree lights were placed on the tree on the green, the flower garden circle uptown and the tree at Remick Park.
- The skating rink area at Remick Park was leveled, loamed, seeded, berms were put around the outside edges and new benches were built. Low-voltage lights were also purchased for night skating.

Many thanks to Phil Michael, Bill Burrows, the downtown merchants group, Bob Dunlap, Bob Rowan, Sarah Zuccarelli, Pete Prentice and the "town crew", and all others who helped with these programs. Thanks also to all the parents who helped with coaching the youth teams, the ski programs etc. Mostly thanks to the Quimby Trustees for helping to fund many of these programs.

SANDWICH RECREATION COMMISSION
1989 ANNUAL REPORT

Nineteen eighty-nine started with an attempt to survey recreational needs or desires for Sandwich. Very few were returned and led members of the Commission to appreciate how resourceful and innovative Sandwich residents are.

Once again, the summer brought hot days and crowded beaches. Molly Adriance and Jen Swift did a great job and their efforts are greatly appreciated. The cooperation of the Sandwich Police Department made the lifeguards' jobs easier and the beach a more enjoyable place for everyone.

Work and improvements at Remick Park have continued with the help and commitment of dedicated volunteers. They did a super job at the Park and with the skating rink. It was enjoyed by many Sandwich people of all ages.

The members of the Recreation Commission would like to thank the volunteers and businesses of Sandwich who have worked together to make 1989 a wonderful year.

We meet on the third Wednesday of each month and welcome your ideas and involvement as we start 1990. The members of the Commission are looking forward to working with Jere Burrows, both in starting new programs and contributing help to ongoing programs throughout the year.

1989 Annual Report

Another year has passed and again the Police Department had a very busy year. This year the Department hired a Northeastern student on the Work Study Program.

Mark Glogowski started at the end of June and worked until the end of December. Mark was certified as a part-time officer in July and also received certification in the use of the radar. Mark has done a tremendous job and I am looking forward to his return next summer.

We also participated in a DWI apprehension program, which worked out very well. The Department received Federal Funding for the patrol which was conducted during the months of July and August. It was very successful and we made several DWI arrests.

This year we also addressed several parking problems that we had in town, some of which met with resistance and displeasure, but as time went on it was quite evident that the changes were long overdue. Our roads are narrow and parking on both sides of the road sometimes causes problems. I know some people were upset with this but the State laws and the safety of all who use our roads is of great importance.

This year we also redirected our attention to the parking problems at our beaches. We stepped up our enforcement of the beach stickers and once everyone received the message that, "No beach sticker" then "No swimming or parking", it made going to the Town Beach more appealing. We issued several parking citations at all the beaches, with the most citations going to the Pot Hole in North Sandwich. Again, your cooperation in this area is well appreciated by the Police Department and the lifeguards at the beach.

As usual, we are being plagued by an occasional burglary. Burglaries of this sort are very hard to solve due to the time spans between the occurrences. If you see anything strange or suspicious, please call the Police Department immediately so an officer can check it out. Remember, with your participation, burglaries of this sort can be solved.

The computer has been a valuable addition to the Department. It has made processing the daily paperwork in the Department and keeping track of records a little easier.

Again, I must remind our dog owners of their responsibilities for registering their dogs. Every year we have a list of delinquent owners who haven't registered their dogs. I hope this year the list will be reduced to nothing. I don't want to have to take anyone to court for this.

I hope 1990 will be a good year for the Department. Again I will be applying to the Federal Funding for DWI enforcement and other programs. Also I am in the process of starting the DARE (drug awareness, resistance & education) program with our sixth graders at the Sandwich Central School. Chief Curran, of the Meredith Police Department, has offered Officer Egan, who is a DARE instructor, to come to Sandwich to conduct the classes. Hopefully this will be an ongoing program in the years to come.

To educate our children to the harmful effect of drugs cannot be taken lightly and I will make every effort to do this.

I would like to give special thanks to Officer Burrows, Officer Carlson, and Officer Cantwell for their assistance during the year. Also to Troop E and the Moultonboro Police Department for their assistance also.

Sincerely,

Louis G. Brunelle
Chief of Police

SANDWICH FIRE DEPARTMENT
1989 Annual Report

In-town fires-----	9
False alarms-----	4
Out of Town Mutual Aid calls-----	11
Search, rescue and medical emergencies-----	46
Other emergencies-----	3
Service calls-----	15
Total calls	<u>88</u>

Our calls this past year decreased somewhat in all categories except false alarms, all of which were accidental alarm activations. Our response to chimney fires again this year remained at four, as it has for several years now. Please continue your care by having your flues checked and cleaned at least once a year as your past attention to this is evident in our continued low incidence of these calls.

Two noteworthy things took place in 1989. First we undertook a very successful fund raising drive to obtain funds to purchase a defibrillator and a boat, motor and trailer to be used on our various lakes and ponds for fire/rescue calls. We are deeply appreciative for the excellent support given this fund drive and are happy to report both the defibrillator and the boat/motor/trailer are in service. Secondly, we completed the contract for a new Pierce Mack triple combination pumper, the funds to purchase and equip this unit were authorized at the 1989 Town Meeting. This unit should be delivered early in April. Again we are appreciative of the support the Town gave in the matter.

A new computer system was purchased towards the end of the year, partially funded by tax money, the rest came from our own funds including a generous anonymous donation for this purpose. The system is up and running and we are starting to enter various files. This will be a great help for the record keeping activities.

Training of the Department members continues in both firefighting and rescue. This winter we will be having a series of courses given by an outside instructor.

This past year our Department was recertified a Class 9 Department by Insurance Services Office (ISO). Their representative has informed me that we should be able to obtain a much better rating, particularly after we receive our new pumper. He said based on his recent inspection that we should be able to lower our rating a couple of numbers ("lower" in this case means to improve.) We only have to request the Selectmen to write and request the re-inspection once we are ready. We will be working hard towards this goal during the coming year. The improved rating would directly lower the fire insurance rates on all commercial property in Town, this includes the buildings owned by the Town. It should also have a similar effect on private dwellings.

Again I must state that we need new members for both firefighting and rescue. This is your department and we need your support so we can continue to provide this service to Sandwich. Those that may be willing need only contact the Selectmen or any Department member.

In closing I again wish to express our thanks to all that have supported us in any way this past year particularly the Sirens, the Selectmen and the Police and Highway Departments.

Respectfully submitted

Francis G. Hambrook
Fire Chief

SANDWICH SEWER COMMISSION
1989 Annual Report

Nineteen eighty-nine was a very active year for the Sewer Commissioners. This year the system saw a 1.9 million gallon flow, about a ten percent decrease from 1988. A second one year extension of the E.P.A. grant was applied for and received, but as of this report the system is still not functioning properly. New designs and corrective steps will be submitted to the Town for approval shortly.

A gift of \$3,000.00 from the Quimby Trust enabled the Town to conduct tests needed to determine the extent of the system failure. The sludge problem in the tanks is still present and costly to maintain. The odor problem has been much reduced by the addition of a filter on the system and our infiltration problem has been corrected.

The Commissioners had to replace or repair three water meters due to freezing this winter and we would ask all users, especially the seasonal users, to please protect the meters from freezing.

We would like to thank Arthur Burns for his active participation and hard work while he served on the Board. A reminder to everyone that the position has not been filled.

The Commissioners, acting upon a suggestion, are rolling back the due date of the sewer bills by one month each year until the due date is July, in order to give users a break from two larger bills, sewer and property taxes, all coming due at the same time.

The Commissioners are looking forward to a successful year resolving the system's problems.

SANDWICH LAND TRUST COMMITTEE
Report of 1989 Activities

The Sandwich Land Trust Committee completed two major projects with the New Hampshire Land Conservation Improvement Program. More than 1500 acres of scenic lands, productive timberland and important wildlife habitat are now protected forever. The committee was recognized by the Lakes Region Planning Commission and the Trust for NH Lands for extraordinary work in conservation.

The Town obtained a state grant of \$250,000 to purchase a conservation easement from Denley W. Emerson protecting 584 acres on Wentworth Hill and Red Hill Pond. Emerson and four other landowners matched the state three-to-one by donating easements valued at more than \$1 million. The easements now held by the Town on some 800 acres protect almost all of the shoreline on Red Hill Pond, Little Pond and Wentworth Hill. No housing development will ever occur on these lands. The owners may timber or farm their land. The public acquires the right to a footpath from Center Sandwich to the dam on Red Hill Pond and a permanent access to Little Pond. Landowners participating in the project include Emerson, Charles and Elizabeth Crooker, Van and Betsy Adriance, John Dyer and Grace Henry.

In the second project, an LCIP grant of \$100,000 allowed the Town to purchase a conservation easement from George and Nancy Bates of Canton, Mass., to protect 265 acres of timberland in Whiteface Intervale. This easement also permanently protects the McCrillis Trail, a hiking trail to Flat Mountain Pond and Mt. Whiteface. Landowners matched the state with easements valued at more than \$350,000. The Bates were joined by Rudolph and Letitia Mutter who, with their three children, donated an easement on 430 acres of land at the top of Bennett Street. The Mutters also donated a trail access to the U.S. Forest Service on the Bennett Street Trail. The Town easement includes the right of pedestrian access from Jose's Bridge on the Bennett Street Loop.

The committee would like to thank the many town residents and landowners whose donations helped to finance these projects. The committee raised more than \$24,000 to pay for legal fees, appraisals of easements, title search, mapping and other costs. The projects would not have been possible had landowners been asked to pay these costs on top of their own surveying and private legal fees.

The committee would also like to thank the Sandwich Board of Selectmen who generously gave us their time and advice. Sarah Thorne, Director of Acquisitions for the Trust of NH Lands, also deserves special thanks for her tireless work in negotiating the easements and securing the state grants.

Finally, we wish to thank and applaud the landowners involved in these two major projects. Their extraordinary foresight and generosity have preserved for all future residents of Sandwich some of the most beautiful and important of our natural resources.

The Land Trust Committee plans to continue this work. We hope to obtain a third state grant to protect lands near or on Squam Lake. This project would be matched by the easement given to the Town in 1988 by Roger S. Coolidge on 65 acres of land on Squam. And the committee is considering a fourth project to protect lands along the Bearcamp River, the largest watershed in Sandwich.

We will also continue to share our expertise and time with landowners who are interested in protecting lands near any of these conservation areas. These tasks will continue our need for hearty volunteers and contributions large and small to our expense fund.
